LOKABANDHU DAY

Dr Bhubaneswar Baruah's birth anniversary observed

OUR CORRESPONDENT

TINSUKIA, Sept 5: The Tinsukia branch of Indian Medical Association (IMA) observed the 126th birth anniversary of Lokabandhu Dr Bhubaneswar Baruah with the unveiling of his bust at the premises of IMA House on Wednesday. The bust was formally unveiled by Dr Satyajit Borah, the State president of IMA in the presence of leading physicians of the district. Dr Bhubaneswar was born in 1893 at Sadiya. September 4 is observed as 'Lokabandhu Day' after the IMA, Assam Chapter in its Tinsukia session in 1999 resolved to observe the birthday of this great physician who was a humanitarian, philanthropist, socialist, Gandhian, sports organizer, freedom fighter and social worker and instrumental in building up institutions like Gauhati University, Assam Medical College, Ayurvedic College, Lokapriya Gopinath Bardoloi TB Hospital, Kasturba Ashram, Dumb and Deaf School, Srinanta Sankar Mission and Assam Mother and Children Welfare Centre.

Observing the day, a meeting was organized at IMA House which was chaired by Dr Anil Borkakoty, president of the Tinsukia branch of IMA. The programme was moderated by Dr Prashant Agarwal, the

secretary of the branch. In his speech as chief guest, Dr Satyajit Borah said the medical fraternity was passing through very critical times; particularly in the aftermath of the inhuman killing of Dr Deben Dutta. It was now left to the society to show the path so that doctors could discharge their duties fearlessly with dignity and honour. "We are not in favour of any agitation nor do we expect any reward from the government but the government and other organizations should create a conducive atmosphere for us to work," Dr Borah said. Other speakers highlighted the contributions of Dr Bhubaneswar Baruah. Noted sculptor Biren Singh, who created the bust, was felicitated on the occasion.

All India Protest Day against Violence on Doctors

24 hrs Nationwide Strike

On 31st August, 2019 at around 4pm, Dr Deben Dutta on duty at Teok TE was manhandled and physically assaulted by miscreants of Teok TE and he expired on his way for treatment to Jorhat Medical College.

Tea doctor dies after attack

DEVAJIT BARUAH

Jorhat: A medical officer of a tea garden in Jorhat district died after he was assaulted by locals following the death of a patient on Saturday.

Deben Dutta, 70, was a medical officer at Teok garden in Jorhat that belongs to Amalgamated Plantations Private Ltd, a major tea producer in Assam and Bengal.

Sources said the doctor

who belonged to the Teok area, was severely assaulted by locals and labourers following the death of a patient, Sukra Majhi, 32.

Dutta was brought to Jorhat Medical College Hospital by 6pm where he was declared brought dead by the doctors there.

Majhi was a labourer from no. 12 line of Teok tea estate. He was first taken to Teok first referral unit and then brought

to the garden hospital where he died.

Following his death, around 4.45pm, labourers and locals claimed that Majhi had died due to alleged negligence of the doctor.

In a statement, the Consultative Committee of Plantation Associations (CCPA), Assam Valley, has strongly condemned the "mindless and murderous assault" on Dutta while he was on duty in the tea

estate's hospital. He sustained severe injuries and died on way to the hospital.

"We urge the authorities concerned to immediately apprehend the culprits responsible for the assault and demand strict action against them," the statement said.

The Tea Association of India has also condemned the incident.

A tea garden official said Dutta was born and raised in

the tea estate. "It is very hard for a tea garden company to get a doctor to work there and incidents like this do help," the official said.

A magisterial inquiry has been ordered by Jorhat deputy commissioner Roshni A. Rati.

Additional deputy commissioner Subhan Goh will conduct the probe and submit a report in seven days.

24 yrs withdrawal of medical services
3rd September 2019.

DC Jorhat
